

Minor Scale

The pattern of whole/half steps for a minor scale:

W H W W H W W

Full range scales: start on the root, go up to the highest note on your instrument, then down to the lowest note on your instrument, then back up to the starting note.

Don't learn your scales by reading them off of a sheet! Learn by ear, learn with the circle of 5ths, memorize!

Harmonizing the natural minor scale

C-7 Dø7 EbΔ7 F-7 G-7 AbΔ7 Bb7 C-7

Incorporate the harmonized minor scale into your practice of minor scales
